**FOR IMMEDIATE RELEASE**

**Building for Growth: Young Living Opens New Warehouse**

**Lehi, Utah**—Young Living Essential Oils recently opened its new warehouse in Spanish Fork, Utah. This new state-of-the-art facility features 107,000 square feet for testing and bottling essential oils in addition to facilitating Young Living’s receiving, storage, and fulfillment operations. Knock-out walls allow for expansion up to 250,000 square feet based on future needs. The warehouse has been designed with the highest ceilings possible to maximize square footage without incurring excessive construction costs. Other features include an easily expandable shipping and fulfillment module and order packaging area.

With the installation of new technology, Young Living is poised to provide even better customer service and promote accuracy and workforce efficiency. According to Ron Harris, Young Living’s Vice President of Operations, “This facility is projected to handle Young Living’s growth for the next five years and beyond. The operations division is committed to taking our customer service standards and goals to ‘best in class.’”

**Young Living Corporate Overview**

Young Living Essential Oils, a Utah-based company, is world renowned for its essential oils and oil blends, oil-enhanced nutritional supplements, bath and body products, skincare solutions, and natural preparations for the home.
